## PTC DIESEL POWER-USA

Specializing in new surplus and new aftermarket diesel parts

PTC Diesel Power-USA has been in the business of supplying and manufacturing spare parts since 1973. Currently our products and the products we represent are sold in the U.S. and are exported to over 42 allied countries. Connected to the worldwide web, we are fully computerized, have an extensive database with 800,000 original U.S. drawings and are a multi-million dollar corporation.

Commercially, we keep over \$4,000,000.00 inventory of new replacement parts for your B-Series, 6-CT, K-Series, V903, L-10, M-11, NT-855, NHC250 and N-14 , 6.2L and 6.5L needs. We also have selected parts for many other U.S. made diesel engines, so call us for your diesel engine needs for the following equipment.

- trucking
- agriculture
- forestry
- generator-set
- industrial
- construction
- Mining
- marine

## PTC'S MILITARY CAPABILITIES

PTC, Incorporated also has been in the business of manufacturing and supplying spare parts since 1973. We currently supply 42 allied countries , the U.S. Army and NATO Supply Center,Luxemburg. We can supply spare parts for the following U.S. made combat tanks, tactical vehicles and artillery:

### COMBAT TANKS

- M60, M48, M41 Series Tanks
- M108, M109 SPH
- M113 APC
- V-150 Armored Vehicles

### WEAPONS

- .50/.30 Cal Machine Gun
- M-60 (7.62 mm) Machine Gun

### TRUCKS AND JEEPS
